

STRENGTHENING OUR COMMUNITIES

ORSCHELN 2019 COMMUNITY IMPACT REPORT

For the Orscheln Family, Moberly and Mid-Missouri are first and foremost our home. This is where we work, live, and raise our families. We care deeply about our community and region's future.

As one of outstate Missouri's largest manufacturing employers, Orscheln Products employs over 300 full-time employees and contributes to our local and regional tax base – but to us, that is not enough. We recognize our responsibility and opportunity to give back to our community. We strive to make meaningful contributions that enhance the lives of our employees, their families, our neighbors, area youth and others.

Following in the footsteps of my grandfather and father, Orscheln Products and other Orscheln companies contribute a portion of profits to charitable projects and towards community needs. This family tradition has enabled us to support numerous regional causes and projects over the years. In addition, I am extremely proud of our employees who volunteer their time and make donations year after year to support causes dear to their hearts and impactful to the strength and growth of this region.
